This repository holds a set of tutorials to help the users of the [CNSC](<https://supercomputing.ec-nantes.fr>) platform to better understand or simply use our platform.

This is the main page of the documentation for this repository, which relies on [MkDocs](<http://www.mkdocs.org/>) and the [Read the Docs](<http://readthedocs.io>) theme. In particular, the latest version of these tutorials is available online:
